COMMITTEE CALLS OFF THE BIG STRIKE

Workingmen in Russia Will Return to Their Places.

TROUBLE IN FORMING CABINET

Count Witte the New Premier, Meets With Opposition—Censorship of the Press is Raised—Claimed that Reactionaeers Have Been Instigators.

St. Petersburg, Nov. 4.—The decisions of the strike committee to call off the strike was greeted with joy by all classes of the population as the absence of newspapers, electric light and other conveniences of life is severely felt. The railroad men, however, have resolved to continue the strike, which entails a continuance of the high price of provisions.

A great demonstration is promised for Sunday, when the bodies of the victims of the conflicts of Tuesday will be interred. The strike committee sent a deputation to Count Witte today and informed him that the workmen would preserve order at the funerals.

The amnesty manifesto did not appear this morning and the radicals are impatiently demanding the immediate release of political prisoners. The censorship throughout Russia, however, was abolished today not only the newspapers but also in the case of private telegrams. The minister of the interior has notified the editors that the regulations for the control of the press are no longer in force, Count Witte is having trouble in forming a cabinet on account of the lack of liberal support. Senator Koni has refused the portfolio of justice and Prince Troubelskoy, brother of the late rector of the Moscow university is said to have not even replied to the tender of the ministry of education.

All the regulations heretofore issued to newspapers by circular for their government has been withdrawn and the chief of the press administration has been prohibited from further issuing such regulations.

Another appeal to the people in the shape of an official note was published this morning. It says:

"After the minfesto of Oct. 30 had laid a foundation for the development of Russian life on the basis of legality and justice, participation in street demonstrations have a significance altogether different from that attaching heretofore previously. It can only discourage disorder and the presence of the public of the middle and lower educational establishments among the demonstrants is much to be condemned if only on moral grounds. Unless the attenaion of society be now directed to this fact that the state is threatened wih dangerous increase in the number of people whose respect for authority and order is being radically shaken while they are still in the school room. The government therefore calls upon all citizens to exercise self-control and to devote themselves quietly to their avocations."

Demand Release of Prisoners.

Kosseloff, Russia, Nov. 4.—The vice governor of Kosseloff has fled from the city. The citizens are preserving order. Great manifestations occurred here yesterday, the crowds demanding the release of the political prisoners.

Reactionaries Cause Trouble.

New York, Nov. 4—A cable dispatch to the Times from Berlin says:

"A private telegram from St. Petersburg says it is absolutely certain and can be proved that the reactionaries under the leadership of General Trepoff, have been fomenting disorders all throughout Russia in order to counteract the efforts of the revolutionists. The reactionaries, it is asserted, have sent agents, provocateurs, to various cities in order to create a condition of anarchy and compel the czar to take military measures in order to counteract the efforts of the revolutionists."

Rioting Continues at Odessa.

Odessa, Nov. 3.—12:42 p. m.—After a fairly quiet night, shooting again commenced this morning. The Red Cross is busy attending the wounded. Up to the present time no houses have been touched. The principal hotels are full of the better classes of Jews seeking refuge from this week's disorders.

There was a veritable reign of terror on Oct. 31. After the emperor's manifesto granting a constitution to Russia had been published, the Jews made the Russians furious with rage by making a prominent display of red flags, trampling on a portrait of the emperor and bearing down the emblem of the crowd. Late in the afternoon there was firing in the outskirts of the town and the massacre of Jews commenced and lasted during the night of Nov. 1. All Jews in the streets were severely beaten and many were killed in their shops, which were ruthlessly pillaged. In the poorer Jewish quarters on the outskirts of the town the whole streets were destroyed, the soldiers apparently looking on.

Crowds of workmen, rowdies, women and children laden with all kinds of loot walked openly through the streets quarreling over their spoils.

Bombs were thrown in various parts of the town. Late that night patrols of soldiers and Cossacks restored some semblance of order.

The pillaging was continued yesterday and there was heavy firing all over the town. Nobody was safe in the streets. People carrying arms who were caught by the troops were shot at sight. The shutters of all houses were ordered closed, and people detected shooting from windows were promptly shot.

The soldiers used machine guns to move the crowd from the vicinity of the port. In fact, there was indiscriminate shooting everywhere in the town.

Firing is still going on as this dispatch is filed. Trade is at a complete standstill. Provisions are still obtainable at greatly enhanced prices. The gas and water works are working.

It is impossible to make a correct estimate of the number of killed and wounded. Similar reports reach Odessa from most of the other towns in South Russia.

Valuations Are Increased.

Montgomery, Ala., Nov. 4.—In his report to the governor Commissioner Harvey Jones shows collections through his department for the year ended Sept. 30, last, of $245,160, the state getting of that $133,753 and the counties the balance. The valuations by the commissioners since the law went into effect in 1897 has been $87,152,052.

Woman Charged with Manslaughter.

Pensacola, Fla., Nov. 4.—A coroner's jury last night returned a verdict against Mrs. F. M. Turner, charging her with manslaughter. She shot and killed her husband yesterday at their home after he had abused her. Turner was one of the guards of the state board of health. Mrs. Turner claims she thought the revolver was unloaded.

Killed by a Runaway Horse.

Waynesboro, Ga., Nov. 4.—Warren Colson, the 12-year-old son of Mrs. Hammond Colson, of Waynesboro, was run over and killed by a runaway horse here. The horse became frightened at an automobile and the wheel of the buggy struck young Colson knocking out his brains.

POLICE ARREST TWO MEN FOR MURDER

One Confesses to Disposing of Body in Dress Suit Case.

CLEARING UP THE MYSTERY

Officials Believe They Now Have Unraveled the Mystery of the Death of the Young Actress in Boston—This Case Has Attracted Much Attention.

Boston, Nov. 4.—With the arrest of William Howard and Lewis Crawford, in New York city, in connection with the Winthrop suit case mystery, the activities of the local police were transferred from Boston to the Metropolis. Chief William Watts, of the bureau of criminal investigation and superintendent of police, Mr. Pierce, with Pawnbroker Berkman, who sold the suit cases in which the dismembered parts of the victim's body was found in Boston harbor, Timothy Howard, the cabman, who drove two men carrying suit cases to the ferry, and other witnesses, all had gone to New York on the midnight train to be present today at the examination of Howard and Crawford.

The condition of Morris Nathan, suitor of Susanna Geary, the victim of the tragedy, was better today than yesterday, and he seems to be gaining strength.

Men Held in New York.

New York, Nov. 4.—Superintendent Pierce, of the Boston police, and Chief Watts, of the Massachusetts police, arrived at police headquarters today the prisoners were brought out for inspection. Chief Watts recognized Crawford and said:

"I feel sure that Crawford is the head man in this case. He was the principal at the house of Dr. Bishop, and it was through him, I believe, that Howard or Hunt, as he calls himself, was brought into the case."

Chief Watts said that the case against those who caused the death of Miss Geary was practically colsed now, but there will probably be other arrests within a few days.

Crawford was dressed by order of the New York police, in gray clothing when first seen by the Boston police officials and their witnesses. He had on the same clothing he is believed to have worn in Boston while making his alleged trip with the suit cases to Boston harbor. In his room at 72 West Eighty-ninth street the police found a gray suit and a long state colored rain coat, both of which resembled the clothing that Cabman Howard said the man wore when he drove from Boston to Chelsea.

When the cab driver saw Crawford he immediately identified him as one of the two men who were in his cab with suit cases on the night when the girl's body was thrown into the harbor. He also identified the prisoner Howard as Crawford's companion that night.

After this identification had been completed the two pawnbrokers and the pawnbroker's clerk were admitted to the prisoner's presence and identified them both. Meyer Kaufman, the clerk, said that Crawford, when he entered the pawnbroker's store to get a dress suit case, said he had 32 pounds of shot in the satchel he was carrying.

The New York police announced after these identifications that Crawford who was, reticent when arrested last night, said that he was one of the men who helped to dispose of the body.

The prisoners were arraigned in the Tombs court and were remanded back to the police headquarters until Monday. There was no examination in the court. The men were arrested on affidavits charging conspiracy based primarily on Howard's confession.

Police Captain Dugan today obtained warrants for the arrest of Crawford and Howard on the charge of committing an abortion on the body of Susanna Geary. A warrant also was issued against Howard charging him with being an accessory to the fact. The warrants will be taken before the grand jury of Suffolk county which convenes next Monday, and indictments will be asked for.

Important Address is Found.

Waltham, Mass., Nov. 4.—May Tennen, of this city, the young woman whose name was found on an envelope in the pocket of Louis Crawford, one of the men arrested in New York in connection with the Boston dress suit case tragedy, is related to Mrs. Dr. Jane Bishop, formerly proprietor of a medical office on the Tremont street in Boston. This office which, until recently has been conducted in Dr. Bishop's name, is the place where Susan Geary was supposed to have gone for treatment. Miss Tennen has not been in Waltham recently. Crawford's wife is a daughter of Dr. Bishop.

MILLIONAIRE IS A PENSIONER.

Only Accepts Money to Perfect His Record as a Brave Warrior.

Washington, Nov. 4.—Pensions for millionaires is one of the new developments under the executive order of last year.

According to Commissioner of Pensions Warner, the application of a millionaire for a pension has been recently favorably passed upon. He did not want the pension, according to the commissioner on account of the money it carried with it, but simply to perfect his record of honorable service in the civil war. This view of the disability order is being taken by many well to do veterans who would not otherwise apply for pensions. The fact that they are eligible and performed the service stipulated in the behalf of the government and that the government is to recognize this service by a pension and the accompanying records of the same make the service pension a desirable addition to the family records.

The commissioner does not look upon this class of pensioners as an undesirable burden for the government to bear. He takes the view that the funds distributed is used by the applicant to relieve want. In the case of the millionaire pensioners, he has knowledge that the recipient has just made a bequest of a hundred thousand dollars for benevolent purposes.

CANNOT AID WHALING VESSELS.

Government Believes it Impossible for Help to Reach Them.

Seattle, Wash., Nov. 4.—Charles D. Jarvis, who commanded the relief exlief expedition sent out by the United States government in 1897 to aid the stricken whalers, stated today that if the whaling fleet now ice bound in the Arctic ocean was far off Point Barrow, it would be almost impossible for a relief expedition to afford them any material aid, as the difficulties of arctic travel in the winter were such that it would be almost impossible to take sufficient food to aid so many men.

Captain Jarvis states, however, that if the men can reach Point Barrow there is hope that with the aid of the natives, they may be able to survive the winter. Captain Jarvis is still hopeful, however, that the fleet will escape before the severe freeze up this winter.

Believe Woman Was Murdered.

New York, Nov. 4.—Coroner Scholer, folowing an autopsy on the body of Mrs. Marguerittta Todd, the rich woman who was found dead on the Reading railroad tracks ner Philadelphia a week ago, today said that the woman could not possibly have been struck by a train. He said he could easily have been killed by some heavy weight falling on her while she was inert, or by the pressure of a knee. The autopsy showed that several ribs had been fractured prior to the breastbone. Her clothing, the coroner said, was not disarranged in the slightest, but was smooth and neat. Had a train struck her, the coroner said, the clothing, of course, would have been disarranged and torn.

ONLY FEW CASES UNDER TREATMENT

There Has Not Been 450 Deaths During Epidemic.

SILVER SERVICE FOR DR. WHITE.

Alabama Likely to Raise Quarantine in a Few Days—Increased Business Activity is Noticed All Over the Stricken Section.

New Orleans, Nov. 4.—The fever situation here continues its rapid improvement, the cases under treatment now being reduced to 17. With so few cases remaining and virtually no new cases appearing, the probability is that there will be very few more deaths before it is finally declared that the epidemic is over.

The total of deaths has not yet reached 450 from July until the present date.

With the ordering away of more of the federal commissioned officers there are left here only the four men who are assigned to the district headquarters, and those immediately connected with Dr. White's department. There promises to be a further consolidation of the ward work by the end of the week. Not improbably the details of health work will be re-transferred to the city board of health next week.

Dr. White has not yet received his official assignment by Surgeon General Wyman to attend the Chattanooga convention, but it is now daily expected.

Governor Blanchard is especially anxious that Dr. White shall go to Chattanooga, and it has been indicated that the federal authorities also desire him to go.

Dr. White was last night the guest at a banquet given by the railroad men and was presented with a handsome silver service in recognition of the work he has performed here.

The death of an Italian woman and baby in DeRider, Calcasieu parish, has aroused the suspicion that they were victims of yellow fever, and at the request of the health authorities there Dr. Brady has been despatched by the state board of health to the scene to look into the matter.

The raising of the Alabama quarantine is said to depend on the conditions at Moss Point and Scranton, which is between New Orleans and Mobile. Considerable sickness was reported there during the summer, but the authorities denied that it was yellow fever.

Efforts are being made to arrange for an inspection of the situation by Dr. White and the Alabama authorities, and if it found that these points are not infected, there is hope that Alabama will raise the bars against Louisiana and Mississippi.

Superintendent Marshall, of the L. & N. railroad, has written a letter to Governor Vardaman, heartily praising the work of the Mississippi militia who served as quarantine guards along the lines of that road. Mr. Marshall says the experience of the summer proved that the use of military guards for quarantine purposes has decided advantages over the employment of civilians.

Heavy demands are being made on the Southern Pacific for freight cars now that all the quarantines along its route in Louisiana have been lifted.

Up to noon today there were no new cases of yellow fever and no deaths reported.

New Railroad for Birmingham.

Chicago, Nov. 4.—Official announcement was made by the Illinois Central Railroad company of its intention to build a line from Jackson, Tenn., to Birmingham, Ala., a distance of 215 miles.

In League With Swindlers

Macon, Ga., Nov. 4.—W. D. Stevens is held in custody of the federal authorities here as a green goods man connected with New York swindlers and by whom extensive work is said to have been done in Georgia through fraudulent use of the mails. Deputy Frank Riley arrested him near Whitley, Ga., today on a warrant issued last August. ... Efforts will be made at a trial before United States Commissioner Erwin tomorrow to connect Stevens with several schemes of the green goods order. He was formerly postmaster at Greenway, Ga., and since that office was robbed three months ago, he has been out. He is accused of representing the New York people as agent by putting them next to parties who could be worked.

Will Discuss on the Tariff

Denver, Nov. 4.—The directors of the chamber of commerce last night voted to send a letter to the chamber of commerce throughout the west and middle west invited them to send representatives to a convention to discuss the proposal on the part of the national government to reserve the tariff upon sugar coming from the Philippine Islands. The letter in part is as follows:

"We believe that the time is very opportune to call a conference or a convention of representatives of the leading commercial bodies of the sugar-producing states to take action looking toward a correct public opinion on this important subject and also to secure the assistance of the representatives in congress from the above states in preventing such tariff legislation."

ALACHUA WILL HAVE A SPLENDID EXHIBIT

Manager Tench Has Worked Hard, and Has Met Success.

DISPLAY WILL BE DIVERSIFIED

It Will Show to Great Advantage the Possibilities of the County as a Farming and Fruit Growing Country, Manufacturing, Etc.

If Alachua county does not capture the first prize at the big State Fair it will not be because we have not worked for it. Major Jown W. Tench, who has been engaged in collecting county exhibits, and will manage the same at the Fair, has spared no labor in making what should be one of the finest exhibits ever seen at any State fair.

The collection will comprise everything of an agricultural and horticultural nature, and the mining and manufacturing enterprises of Alachua county will also be shown up to advantage. No county in Florida has better or more prolific farming and fruit growing lands, and at the State Fair people from the whole world may see our advantages. Manager Tench has exercised care in selecting only the best, and people from this county will be proud of the exhibit.

The cattle industry of Alachua county will also be well represented, as Manager Callison of Spring Park Farm will have a fine display.

C. C. Pedrick, the buggy and wagon manufacturer, with characteristic energy, has made a special half-dozen "jobs" for the Fair which are bound to attract the admiration of those who are interested in vehicles. Mr. Pedrick is one of the most extensive manufacturers of buggies in the State, and his exhibit alone will be a credit to the manufacturing exhibit of this county.

Manager Tench has made arrangements to leave Gainesville Wednesday, which will give him ample time to arrange the exhibit for the opening of the Fair, which will be on the 15th.

ELDER RAWLINGS CONFESSES.

Says He Hired Negroes to Kill Carter. Declares Sons Innocent.

Valdosa, Ga., Nov. 3.—J. G. Rawlings has made a confession of hiring Alf Moore to kill W. L. Carter, but he says that the killing of the children was not in the "trade." He says that he particularly cautioned the negro not to harm the children.

Rawlings, Joe Bently and Mitch Johnson made a trade with Alf Moore to do the bloody work, and that Joe Bently and Alf Moore wanted to kill Carter on Sunday night before, but that they could not get a buggy at Hahira to go to Carter's house. He says they tried to hire a buggy, but that the liveryman would not hire it to them unless they would tell him where they were going.

Rawlings says that his confession came without the knowledge of his lawyers, as he had reached the place where he could not keep quiet any longer. He says that he is thoroughly indifferent to the decision of the supreme court so far as he is concerned, but he wants his sons saved.

The News is glad to report that the Japanese colony at Boca Ratone is progressing nicely and is in a most prosperous condition. Several weeks ago some of the members of the colony became dissatisfied and left, but those who remained expressed themselves as being perfectly satisfied with the conditions. The colony cleared over $3,000 on tomatoes last season and is making progress in many other ways.—Miami News.

Brobston & Feedig of Jacksonville on Thursday closed a deal with Goethe Bros., the well-known sawmill men of Summerfield, by which 25,000 acres of good timber land near Withlacoochee was transferred. The consideration involved is said to have been between $80,000 and $75,000. The same firm has also sold to Winkle Brothers, the Georgia sawmill men, some $50,000 worth of land in Pasco county, near San Antonio.

Pensacola was visited by a destructive fire early Wednesday morning, it having started in the Brent building on Palafox street, destroying property to the estimated value of a quarter of a million dollars, and placing a number of business houses out of business altogether, and rendering a scene of desolation that has not been witnessed in the city for years. Half of the principal business blocks of the town were destroyed. The new Brent building occupying about one-third of the block, and which was recently completed and occupied, was rendered a pile of ashes. The magnificent Blount-Watson building, a three-story brick structure, at the corner of Palifax and Garden streets, was burned like so much tinder. The offices of Blount & Blount, the widely known firm of lawyers, were burned completely, making the losses complete. In the three-story building were numerous offices. The third story of the building was occupied by the Knights of Pythias lodges of the city. The entire paraphernalia was lost, and the fixtures of every office in the building were all reduced to ashes. In fact, the destruction could not have been more complete, and the fire was about as fierce a visitation of like nature as has ever occurred in o city anything like the size of Pensacola. Total loss estimated at $250,000; insurance, $125,000.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.

Large Fruit Crop in California.

Ventura, Calif., Nov. 3.—The citrus fruit crop promises to be from 10 to 15 per cent greater than last year in this county, and the price also promises to be better, especially on oranges. This year the orange crop in the Ojai will reach 75,000 boxes. Santa Paula will grow 125 carlods. The Fillmore section will have 200 cars and Piru and Camulos 25 cars. Of the lemons, there will be 350 cars from Santa Paula and Limonera and 600 cars from Fillmore. Last year the Limonera, here the biggest lemon orchard in the world is located, shipped 965 cars. Many new orange and lemon orchards have been put out during the past season.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. Will Test New Battleship.

Washington, Nov. 3.—The navy department is arranging to have the preliminary trial of the battleship Virginia now building at Newport News take place about Nov. 21. This brings another big battleship close to the point where she will be ready to be placed in commission and carry the flag out upon the high seas. Like the battleship Rhode Island, which has reached the trial stage, the Virginia has a dispalcement of 14,948 tons and is designed for a speed of 19 knots. Her complement calls for 40 officers and 772 enlisted men.

WOMAN DISGUISED AS MAN.

Travels Across the Continent as a Tramp Before Identity Discovered.

New York, Nov. 3—A three months' journey across the continent from Nevada, during which she was attired in men's clothes, Mrs. Margaret Jenkins arrived here Tuesday, says a dispatch to the Herald from Wilkesbarre, Pa.

She was making her way by stealing rides on freight trains and was bound for Lewiston, Pa., where she has relatives. A Lehig Valley railroad special officer saw her in a car and arrested her. Not until she was taken to the station house did she reveal the fact that she was a woman, and then she told a story so pathetic that she was released.

She said that eight years ago she and her husband left Scranton for Nevada, where they lived happily until three months ago, when he deserted her. Too proud to remain in the town where she was known, but penniless and without friends to whom she could appeal, she decided to make her way east.

Finding that as a woman even food was refused her and that work was impossible to obtain, she procured men's clothing, cut off her hair and resumed her journey eastward. Her sex was never discovered nor was she arrested until she reached here.

Spend Winter in Arctic Ocean.

San Francisco, Nov. 3.—Eleven whaling vessels, comprising almost the entire fleet which sailed from this city, have been caught in the Arctic ocean. They will not be able to get out until next July or August, and in the meantime their crews of 440 men must face the hardships of a winter in the north. This startling news is conveyed in a telegram to Lewis Anderson and Ford & Co., of this city. The telegram comes from Captain H. H. Bodenish, of the steamer William Bayliss, and states that only this vessel and the schooner Monterey were able to escape.

With the development of Florida comes the increase of railroad traffic. Every new settler helps the railroads, and we are pleased to see them taking a lively interest in the homeseeker movement.

Monday was bluefish day in West Palm Beach, the largest catches of the season having been made. The crews sent to the ocean succeeded in hauling in ten thousand pounds of blues last night. The company's packing house on the railroad pier showed there was something doing.—Tropical Sun.

According to all custom Thanksgiving Day comes on the last Thursday in November, and the papers that will undertake to argue whether it is the first Thursday after the third Wednesday, simply because the month came in on Wednesday, had better open up the question of the age of Ann, and not bother with Thanksgiving Day.

Pensacola, after being scourged with yellow fever, has just been purged by fire. The people of the entire State will sympathize with our sister city in her affliction, and many throughout the State are giving more substantial sympathy in the way of small contributions to the fever sufferers. A small amount from each one in the State able to give will mean much to our afflicted neighbors.

Policy holders in the old line life insurance companies are becoming unduly alarmed, and are talking of sending in their policies to Tom Lawson. We believe there is not the slightest cause for giving up a policy to any one and that all policy holders are as secure as ever. The investigation now going on will not injure the stability of the companies that are being aired, but will be the means of much good.

A new idea as to the postal service was presented by a Kansan at the convention of railway mail clerks at Washington. He would have appointments to postoffices in the second and third class made from the list of railway mail clerks who have given long service and who have become incapable from further duty on the road. This would be very nice, but what would become of the politicians and the fellows at home who need these places?

If a wet summer is followed by a warm winter, there is a good prospect for the coming winter season. Although the past summer was not so terribly wet in this section, old residents claimed that it reminded them of the old days in Florida, when tissue ballots and carpet-baggers were in their glory. But we are now informed that the people in search of homes are coming this way, and they can rest assured that the good folks in Florida will give them a hearty welcome.

UNIVERSITY DISCUSSION.

For the sake of getting its name before the people The Citizen-Reporter of Lake City hopes to be lifted out of its obscurity by attacking The Sun and the people of Gainesville regarding the motives of our people in securing the location of the University of Florida in this city. The paper says it is a "real estate scheme," and desires the names of the interested parties. As to the sum Gainesville will realize out of the "scheme" we publish a part of the statement of Chairman Bryan of the Board of Control, to show how much it cost the State:

"The statement that members of the Board of Control will begin the erection of buildings at Gainesville is correct. At a joint meeting of the State Board of Education and the Board of Control the funds available were apportioned according to the needs of the four institutions. The sum of $75,000 was appropriated for the construction of buildings for the University at Gainesville. Of this amount public spirited citizens of Gainesville donated $40,000 in cash and bought the old East Florida Seminary property from the State for $30,000, which, in the opinion of the joint boards, was 50 per cent more than it was worth, and besides donated a beautiful site containing 512 acres of land. So that of the appropriation made by the Legislature only $5,000 will be used for University buildings."

Let the man of figures take his slate and pencil and figure out how much the State will lose by the transaction. Continuing, the statement of Chairman Bryan goes on to state:

"It is the expressed purpose of the board not to exceed the amounts appropriated by the State Board of Education and Board of Control in joint session in the erection of buildings at Gainesville, and if the article quoted from, as it seems a fair reading of it would lead one to believe, means that the Board of Control will begin the erection of buildings to cost $1,500,000 before the Legislature of 1907 convenes, or if it means that the Legislature at its next session will be asked to make an appropriation of $1,500,000, it has an exceedingly small foundation in fact. The Board of Control in August declined to accept a loan of $100,000 tendered by Mayor Thomas of Gainesville and others.

"It is our purpose to stay within the appropriation, and how it could be gathered from anything that was said at the meeting of the board that an expenditure of this amount was contemplated I cannot conceive."

The land on which the University is to be located does not cost the State one farthing. Gainesville has paid the State for the old buildings it owned; has made a present to the State of $40,000 in cash, and proffered a loan of $100,000 to go ahead with the work.

As to the mercenary motives of those engaged in securing the University in Gainesville, the proposition is too silly for a person possessing a spoonful of gray matter in the top of his cranium to propound. The statement that the location of the University in Gainesville would enhance the value of property is a fact. The people of Gainesville expected when they secured the site for this institution of learning in our midst that it would be so conducted as to prove worthy of the good people of our city and the State as well, and not a menace to the State as has been stated of its past record by a member of the Board of Trustees.

The idea was to have an institution in Gainesville that would induce people to come here to reside that their children might receive a thorough education, and as they must have homes in which to live, it would naturally enhance the value of real estate; and as the property in the immediate vicinity of the new University grounds would be most desired, on account of the moral and educational atmosphere of that locality, the owners must either refuse to sell or enter into "a real estate scheme."

The Buckman bill has made our public school the best it ever was, and the Buckman bill, with the wise judgment of the State Board of Educational Control, will make the State University located at Gainesville the best in the South. It is needless to waste time or space in The Sun to set forth the advantages of Gainesville—in every way superior as a city for a refined educational center. We will save our pearls.

But since our interrogator has proven himself so apt in asking questions, we wonder if he can answer a few as well:

When the Buckman bill came up in the Legislature, how much did Lake City do to aid the measure?

How much did the men who pushed the measure expect to realize out of the new University under the Buckman bill located at Lake City?

How much do the promoters of the measure claim Lake City has lost by failing to secure the new University in that city?

Was the University ever a success as an educational institution at Lake City?

Was the value of the real estate purchased at that point enhanced in the least when the State purchased the land at an exorbitant price?

To ease the top-piece of the inquisitive editor at Lake City, we will state that the University has as fine a site as could be found in Florida without, money and without price, and if any people desire to locate in Gainesville for the purpose of educating their children—preferring a healthy location and good schools, that is a legitimate transaction of their own—should they buy real estate, and, judging from the lively movements along this line, it would be a hard matter to stem the tide at the present time.

Gainesville will always be known as an educational center, a city of business men, and you cannot deprive them of legitimate business methods or down "the Gainesville spirit."

CZARISM HAS COLLAPSED.

Though the people of Russia have suffered lo, these many, many years from the cruelties inflicted by that mockery of a ruler by Divine right, the Czar of Russia, it looks now as though they were going to have a government so limited in its absolute power that it will almost be a government of and by the people.

Count Sergius Witte has been made prime minister and the Czar will turn the affairs over to him, until at least some person that is opposed to the idea of a little freedom appears on the scene and sways the weak mind of the Emperor.

If the Premier is let alone long enough to make a few reforms, and exercises the judgment he is capable of, he can make himself a name that all the masses of Russia will adore. If he cares one jot or tittle for his people he will do this and save the nation.

The Emperor has surrendered and Count Sergius Witte comes into power Prime Minister, presented with the Imperial mandate, which will enable him to convert the farcical National Assembly into a real legislative body, elected by a greatly extended suffrage and to confer upon the people fundamental civil liberties, including free speech.

He sends the following message to the people of the United States, and there is no doubt he will receive the most cordial greeting from this country:

"I am sure the American people who understand what freedom is, and the American press which voices the wishes of the people, will rejoice with the friendly Russian nation at this moment when the Russian people have received from His Imperial Majesty promises and guarantees of freedom and will join in the hope that the Russian people will wisely aid in the realization of these liberties by co-operating with the government for their peaceful introduction. Only thus will it be possible to secure the full benefits of the freedom conferred upon our people."

There is one great trouble in his way: The people who have never known what freedom is, may go too far, and if peace and good-will shall reign in Russia, Premier Witte has a delicate job on his hands, but we wish him Godspeed in his mission to lift his people from the terrible degradation to which they have been dragged by a weak-minded autocrat.

TRANSPORTATION FACILITIES.

The transportation facilities offered to the farmers of Alachua county are worthy of consideration by all who contemplate locating here for the purpose of raising farm products for shipment or taking to the local markets. The Seaboard Air Line and the Atlantic Coast Line pass through the county and intersect at Gainesville, while the Gainesville & Gulf Railway runs through as rich a farming section as can be found in the State.

In several localities rock roads make it easy for the farmers to haul their produce to the stations for shipment, such stations being placed at short intervals along the three railroads. The highway improvements made each year are adding to these facilities, and in a few years we will have rock roads over the county that will equal those of the old settled sections of the North, where at frequent intervals the sand is a great obstruction to hauling farm produce to market, unless the roads are macadamized.

When a good rock road is once made the cost of keeping it in good repair is nominal, and the merchants of every town and city should take an interest in the work, as a farmer will patronize a dealer six miles away more readily, if he has good roads to travel, than he will half that distance when he has to travel over poor roads and ford streams, and take the chances of breaking down his vehicle while making the journey.

FACTORIES WANTED.

The people of Gainesville, and especially men with capital, are now looking around for the location of factories in our city, so that we may have men employed to consume the farm products of the surrounding country. We have the banner agricultural county of the State, and if we can make a home market for farm products without being obliged to ship to other markets it would hold the trade at home.

Situated as Gainesville is, in the midst of the finest cotton belt in the South, there is no reason why a cotton mill should not be a paying investment to the man or men who should engage in this enterprise. Mr. P. M. Colson, who has recently been in Quitman, Ga., where they have two cotton mills—long and short—was informed by a gentleman who was posted on the subject that the mills there paid upwards of 15 per cent on the investment. The two factories in that city were built and equipped at a cost of $75,000 each.

The amount of trade the merchants would realize from the employes of a cotton factory would be considerable, and as the raw material would be right at hand, the benefits can be readily seen. It would help our cotton market and help our merchants and increase every line of business.

Let the matter be considered by men who have money to invest at a fair rate of interest.

OUR SCHOOLS.

There is no State in the Union that has a better school system than Florida has at present under the Buckman law. When the people understand it better they will appreciate this fact. In every city and town the schools have advanced in standing as if by magic, and with the deep interest manifested there will be an advance in scholarship all over the State that will be surprising inside of two years.

Where public schools have been quite dormant in years past, they are now reviving and the increased attendance shows that the people are satisfied with the new regime.

The educational interests of our State were never in a better condition, and if it is attributed to the Buckman bill we lift our hat to the framer of that measure.

Governor Broward has issued a general invitation to all members of the Legislature of 1905, and to his personal staff, to attend the opening of the Florida Mid-Winter Fair at Tampa, November 15th. Governor Broward will be present to formally open the Fair.

Knight & Williams Have Purchased Interests W. H. Pope.

THE FARM IS A BIG ONE

Comprises Thirty-Three Crops, and is One of the Most Profitable in This Section—New Owners Will Take Possession Immediately.

An important and extensive real estate deal was consummated at Rochelle Saturday, when the naval stores interests of W. H. Pope were transferred to Knight & Williams of Ocala, who are already among the largest and most successful operators in Marion county.

This farm comprises about thirty-three crops, or 330,000 boxes, and has been worked to profitable advantage for several years, having passed through the ownership and management of many firms and individuals. It is regarded as one of the best naval stores properties in this section, and while the price is not known, it is safe to assume that it brought a good figure.

Knight & Williams, the new owners, will take possession of the property at once, and the business will be continued unmolested.

Waldo News Notes.

Waldo, Nov. 4.—Mrs. Fletcher is suffering from a boil on her right arm, which is causing her much pain.

Miss Laura Strickland of Macclenny visited her parents, Mr. and Mrs. J. L. Strickland, here Sunday.

Miss Annie Ellis of Gainesville is here visiting the Misses King.

Miss Edith Atwater has returned from a visit at Melrose.

Miss Eola Sessions left Thursday for South Carolina to make that State her future home.

B. Y. P. U. Social.

The Baptist Young People's Christian Union held an enjoyable cake social at the home of Rev. and Mrs. S. B. Rogers Friday evening. The affair was largely attended and highly enjoyed by those fortunate enough to be present.

The first honor was awarded to Miss Susie Simpson, while the second fell to the lot of Miss Maude Fielding.

As the name suggests, there was all kinds of cake, from the angel cake to the hoe cake, and everybody ate cake to their heart's content.

OUR NEW YORK WEEKLY LETTER

A Season of Gold and Dazzling Spangles—Gold Trimmed Hats, Blouses and Coats—Gold Buttons, Gold Girdles and Gold Interlinings—Circular Skirts the Newest Shape—Plateau Felts, Bent and Fluted.

By RENE DEVERAUX.

This is certainly a season of gold and glitter. Never before has there been so lavish an employment of gold and silver and sparkling spangles in the trimming of hats, wraps, gowns, coats and suits. Everywhere the most somber shades are lightened with a touch of gold.

Many of the long coats in dark blues and blacks are adorned with double rows of dull gold buttons. Soft evening wraps are piped with cloth of gold, effectively combined with velvet in black and rich shades, and embroidered trimmings and waistcoats, which the Directoire vogue has so much popularized, show through their designs glinting threads of burnished gold.

Hats of velvet and French felt are ornamented with bands of gold, some of the more dressy affairs for evening and theater wear showing a profusion of gold and silver roses.

Combined with tulle boas are tiny inner ruches of gold or silver, their narrow gold or silver streamers, two or three on each side, falling almost to the hem of the gown in front.

Through the meshes of lace robes, both black and white, shimmers a cloth

THE NEWEST CREATION IN A CIRCULAR SKIRT.

of gold interlining, and elaborate belts and girdles are fashioned of plain gold and embroidered stuffs in many new and fashionable weaves.

For dark cloth suits there are thickly embroidered bands in Persian effects through which metallic threads or a very fine gold cord is interspersed, and much of the chenille embroidery used for similar purposes is interwoven slightly with gold thread or has embroidered stitches in gold worked upon it.

One scarcely meets a child these days whose jaunty little coat or jacket is not fastened or trimmed with gold buttons and gold buckles.

Bodices and blouses made of piece lace dyed to match the shade of the velvet or cloth skirts with which they are to be worn are soft and becoming and easily made. With these, as well as with other costumes, gold girdles and gold stocks are exceedingly effective, adding a new note both striking and artistic.

In spite of such elaboration in trimmings, skirts as a rule are severely plain. Particularly is this true of the separate skirt for practical purposes. This skirt, which is becoming more and more popular, closely resembles an abbreviated riding habit. The smartest of these are fastened directly in front underneath a double slotted seam. A corresponding seam is down the center of the back, not a plait or a gather to be seen anywhere. Narrow hems, tailor stitched, usually finish these skirts at the bottom.

This same model was seen in a nearly invisible green and brown plaid. In plaids the circular sides are decidedly bias in effect, and the flare at the bottom is in graceful ripples. When one may find a skirt of this description of handsome material splendidly tailored ranging in price from $10 to $15, it seems a waste of time to consider making.

As the season advances, hats are becoming more and more bent and mashed, and wings, if possible, larger and more pointed. Felt plateaus are bent in every conceivable shape, rippling around the face or turned up all around in many little flutes and angles. As a trimming for these, velvet is used extensively, exceedingly high bandeaus and high pointed wings making a chic and attractive ensemble. Such hats may be bent to fit any head or made becoming to almost all faces.

Another Indiana Bank Robbed.

Washington, Ind., Nov. 4.—Four cracksmen, probably the same men that robbed the bank at Sanborn on Wednesday night, visited the Odon bank, 15 miles east of Sanborn last night and were only frustrated in securing $6,000 in cash by the nitro-glycerine blowing open the bottom of the safe before the doors were forced open. Jacob Hodge, aged 40 years, came by the bank at the time the cracksmen were at work, and was seized, bound hands and feet and gagged and guarded by an armed man until the robbers fled from the city. Hodges says the men were not masked and that they were strangers to him.

The Jacksonville Elks have invited the St. Augustine lodge to participate in the society circus to be given in Jacksonville on November 8 and 9. The St. Augustine Elks will probably organize a company of Rough Riders and go over to participate. Mr. Tonnan Lyman has agreed to loan his little burros as mounts for the riders. Exalted Ruler A. M. Taylor will organize the troop of Rough Riders.

JAPAN'S EMPEROR SATISFIED.

He So Expresses Himself at a Banquet in Honor of Birthday.

Tokio, Nov. 3.—2 p. m.—At a banquet given in honor of his birthday today the emperor expressed his satisfaction at the restoration of peace and toasted the sovereigns and rulers of the countries represented at his court. Baron d'Anethan, the Belgian minister, and dean of the diplomatic corps, replied to the toast.

In the course of his remarks he said: "The entire world experienced great joy and a feeling of genuine relief at the news of the completion of the war, and applauded the peace which was inspired by the loftiest sentiments of humanity and ads such a beautiful page to the glorious history of his majesty's reign."

Phosphate is again very active, and several prospecting parties are in the field in the vicinity of Lakeland. It will only be a little while until it can definitely be announced, with details, that one of the largest plants ever erected will be started in the immediate vicinity of Lakeland.

THE LONG STAPLE COTTON GROWERS

Hold An Enthusiastic Meeting in the City of Alachua.

GREAT MANY GROWERS ATTEND

Adjourned to Meet at Valdosta, Ga., Where Organization Will be Perfected, November 28.—Growers Advised to Hold Their Crop.

There was a large attendance of the Sea Island cotton growers of the county present at the meeting held in the auditorium of the high school in Alachua Thursday and much enthusiasm manifested.

The object of the meeting was to organize an association to include every Sea Island cotton grower in the long staple belt of this portion of the South, to promote their best interests in marketing the product.

Hon. J. S. Dupuis of Alachua presided, and addresses were made by Hon. J. R. Williams and Col. J. B. Dell of this city. Both speakers made stirring addresses, and there was no lack of interest in the meeting. The general sentiment was to hold cotton for a better price, and the association will not accomplish any great good the present season, but there is a determination manifested by all present to do more work next year, and aid the grower in getting a reasonable price for his product.

There was no regular organization perfected, but a committee of five was chosen to make arrangements for a meeting to be held at Valdosta, Ga., November 28d, when officers will be chosen and the growers of Sea Island cotton from every State will be invited to be present.

A pleasant feature of the meeting, which will long be remembered by all present, was the barbecue dinner served by the people of Alachua, and the ladies are complimented for the excellence of the viands set before the large crowd, to which ample justice was done.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

GUILTY OF EMBEZZLEMENT.

E. L. Williams, Colored, of Windsor Was so Proven.

In Judge Mason's court Thursday E. L. Williams, a 19-year-old colored chap of Windsor, was on trial charged with embezzling money from G. A. Byles of Windsor. Williams decided that he did not care for a jury trial, so the case was tried before Judge Mason.

When the case was opened and ready to proceed, the fellow was asked whether he would plead guilty or not guilty, he decided that he would plead guilty, and he was fined $50 and costs or three months' imprisonment.

As he did not have the necessary funds at hand, and before he was arrested seemed to be constitutionally indisposed to physical exertion, he will add another link to chain of county toilers.

Death of an Old Resident—A Large Rattlesnake Killed.

Waldo, Nov. 2.—Mr. Fisgg has returned to Portsmouth, Va., taking one son with him and leaving the other with his grandparents, Mr. and Mrs. E. Renault.

Lizzie Pryor, an elderly and respected colored woman, has had her house much improved and painted.

Mrs. L. M Harris died and was buried in the city cemetery. Rev. D L. Branning officiating. She was a resident here for twenty years and was eighty years old. She leaves a daughter, Mrs. James Raulerson, and a granddaughter, Mrs. Frank Jolly, and other relatives in Wisconsin. Her funeral was largely attended and the floral offerings were beautiful. Prof. Peckham presided at the piano, and Mrs. Blanche Strickland, Mrs. Ada Lang and Mrs. Merle Rice rendered three appropriate hymns, Mrs. Rice also singing a solo. The music was solemnly impressive. Mrs. Harris was a much respected citizen and has made her home for years with her son-in-law and daughter, Mr. and Mrs. James Raulerson. Her husband died here eighteen years ago, and they now rest together.

T. K. Godbey has new syrup on the market, made from the new Japanese sugercane, and it is of excellent flavor and sweetness. This cane is becoming quite popular here.

Mrs. Lovelace Jones, whose husband died recently, has moved to Tampa to be with her sons.

A Hallowe'en party was given at the opera house Monday evening under the auspices of the Epworth League of the Methodist church.

A rattlesnake nearly five feet long was discovered under the side door-step of John Winter's residence, creating consternation in the family and among the neighbors. It was shot at several times with a pistol and missed, but a load from a shotgun fired by Doc Johns blew its head off. The strange thing about it is to see snakes in a "dry" town.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

Narrowly Escaped Death.

Sunday afternoon while Mr. and Mrs. B. O. Smith and two children were driving home from Otter Creek, when near J. L. Medlin & Co.'s lower still, the buggy struck a tree, throwing Mrs. Smith and baby out, and it is thought the wheel ran over the little one's head, says The Levy Times-Democrat of Bronson.

Mrs. Smith and the baby were carried to the home of W. C. Young, nearby, and Dr. Turner of Otter Creek sent for. At first it was feared both Mrs. Smith and the baby were seriously if not fatally injured, but the former was unhurt, except being severely shocked, and the baby while seriously bruised about the head, its injuries were pronounced by the doctor to be slight, though at first internal injuries were feared.

Mr. Smith was driving the Dr. Stokes horse, but the accident was due alone to carelessness. It was a narrow escape.

THE BUCKMAN BILL NOW IN COURTS

Quo Warranto Proceedings to Test Validity of the Bill.

THE WORK OF LAKE CITYANS

The Good People of the Former University Town Die Hard, and Will Grasp the Last Straw—Attorney-General Ellis Gives Consent

The following telegram from the Tallahassee correspondent of The Times-Union explains itself:

"Quo warranto proceedings will be instituted at an early date in the Supreme Court to test the constitutionality of the Buckman bill.

"Under date of October 28, Attorney-General Ellis has written Judge A. J. Henry of Lake City, giving his permission 'to institute quo warranto proceedings in the name of the Attorney-General upon the relation of such persons as you may name against the members of the Board of Control to inquire into their right to exercise powers and discharge the duties of members of the Board of Control.' This authority is granted on the following conditions: That proceedings shall be commenced within ten days from date thereof; that the proceedings shall be commenced in the Supreme Court of the State of Florida, and prosecuted to a speedy determination; that the State of Florida shall incur no expense on account of court costs, whither the judgment be for or against the relator, and the Attorney-General may at any time cause the said proceedings to be dismissed.

"Judge Henry has written in reply that the proceedings will be instituted immediately."

MORE ROOM WANTED.

It Is An Absolute Necessity That Our School Have It.

"We are just crowded to death, almost, in our high school rooms," said Prof. T. F. McBeath to a Sun emissary yesterday evening, "and we ought to have more room to handle the hundred and twenty to thirty students in our high school."

This has been repeatedly mentioned about our over-crowded schools, and as the number of students seem to increase every week it is necessary that some action be taken. It has been suggested that the Academic building of the East Florida Seminary be secured, and that it be made a high school building, and that the grades remain in the regular building.

At the present time there is no place for holding examinations, except in the Auditorium, which is not provided with desks for that purpose. Surely we should have room according to our size.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

SURVEYING CORPS HOME.

Returned From Tampa After Completing G. & G. Survey.

After completing the survey of the Gainesville & Gulf Railway from Fairfield south to Tampa, the surveying corps, under command of Surveyors J. W. Patton, A. W. Taylor and others, have returned to this city.

Mr. Patton states that the task was one of great difficulty, owing to the large area of swamp lands which the party encountered in several instances. Considering the nature of the country, the work was completed in a very reasonable time, although a longer period was consumed than was originally anticipated.

Surveyor Patton is elated over the prospects of the new extension of the Gainesville & Gulf and the benefit which must naturally accrue to Gainesville. He declares the Gainesville & Gulf will traverse one of the richest and best sections in Florida, where not only the land is fertile, but the country abounds in fine yellow pine and cypress timber which has never been developed owing to lack of transportation facilities.

Herb W. Edwards Injured.

Herb W. Edwards of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm, and after a few applications all soreness had disappeared. Important Notice to Shippers of Exhibits by Express.

Tampa, Fla. Oct. 31, 1905.

John W. Tench, Esq.,
Gainesville, Fla.

Dear sir: I have just been advised by the Southern Express Company that they will be pleased to afford free service on shipments, weight not to exceed fifty pounds. Should the shipment weigh more than fifty pounds, it will be charged for a full rate. This rate applies to all points in the State of Florida, and will be effective November 15th to 30th.

These express packages should be addressed to me as President of the Florida State Mid-Winter Fair Association, at Tampa, Fla, plainly marked with the name of shipper and county.

Yours very truly,
THOS. J. L. BROWN,
President.

Exhibitors will see that cane will have to go by freight, and must therefore be shipped not later than the 11th of November, but sooner if you wish. What you send by express, such as chickens, ducks, geese, turkeys, etc., and fancy work, must have written on the tag attached, between the first two lines of the red-lettered side of the tag, these words: "Thos. J. L. Brown, President." Yours truly,

JOHN W. TENCH,
Manager and Collector.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

DEATH OF MRS. YOUNG.

Former Gainesville Lady Passed Away at Her Savannah Home.

From Saturday's Daily Sun.

Information was received in this city Friday afternoon of the death of Mrs. Kate R. Young, which sad event occurred at her home in Savannah at 9 o'clock Friday morning.

Deceased was about sixty-two years of age. She was born in Camden, S. C., but came to Florida directly after the Civil War, and during most of her residence in this State had lived in Gainesville. She was a member of the Presbyterian Church, and a noble, Christian lady, doing much active work in the church for the cause of her Master.

Mrs. Young is survived by two sons, Hal and Heywood Young, two brothers, J. D. and W. C. Matheson, and three sisters, Mesdames S. M. Adamson of this city, Elizabeth McCuen of Santa Fe, N. M., and Mamie McCas of Portsmouth, Va., to whom the sympathy of the community is extended.

No funeral arrangements had been made up to a late hour Friday night, but it is supposed that the remains will be brought to this city.

Best Liniment on Earth.

Henry D. Baldwin, Superintendent City Waterworks, Shullsburg, Wis., writes: "I have tried many kinds of liniments, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and $1. Sold by W. W. Johnson.

SCROFULA AN AWFUL INHERITANCE

While it is true that Scrofula may be acquired under certain conditions, it is usually inherited. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint of any character, are sure to transmit it to their children in the form of Scrofula. Swollen glands, brittle bones, poor digestion, weak eyes, Catarrh, emaciated bodies and general weak constitutions are the principal ways in which the disease is manifested. The blood has been diseased from birth, and being in this condition cannot properly nourish the body and Scrofula is the result. A hereditary disease like this can only be reached, by a constitutional remedy and nothing equals S. S. S. as a cure for it. It cleanses and strengthens the deteriorated blood, drives out all scrofulous and tubercular deposits, and there is a gradual but sure return to health. S. S. S. supplies to the anaemic, lifeless blood the properties necessary to build back to strong, robust health, and does this gently and so thoroughly that no signs of the disease are ever seen in after life. Being purely vegetable S. S. S. is the best remedy for Scrofula; its harmless but healing ingredients enter into the circulation and replace wax-like, bloodless faces with vigorous strength glowing with health. Book with information about Scrofula and medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

I inherited Scrofula, and about seven years ago suffered intensely from it. Tried every doctor available at great expense, but grew rapidly worse; in fact, had given up all hope of being cured, and as a dying man will grasp at a straw, I was persuaded by my brother, much against my will, to try S. S. S. After taking six bottles, I felt a wonderful change for the better. I continued to take it for about six months; taking in all about fifteen bottles, which entirely cured me.

C. W. Bauknight of Archer, one of the leading merchants of that town, was a business visitor to Gainesville yesterday. Mr. Bauknight states that about ninety per cent of the cotton crop in the Archer section has been gathered, and about 300 bales have been ginned at Archer so far this season. The grade is now poor, the best cotton having been gathered, with the result that prices are down.

Dr. Armstrong is meeting with grand success in eye troubles and nervous complications. He is well endorsed throughout the State. Anyone suffering with any eye or nervous trouble should see him while here on his professional visit. Dr. Armstrong leaves his home office in charge of able specialists. He will visit our town in person on November 10. Located at the Brown House. Will be at Alachua on the 9th; Hawthorn, the 11th.

Attorney C. C. Thomas of Starke has arrived in the city, and is looking after his interests here. Col. Thomas will soon begin the publication of a monthly publication, The Plain Dealer, which will be conducted upon what might be termed a sensational line, inasmuch as its editor proposes, as the name of the periodical indicates, to be a plain dealer with the affairs of the people and the country. He is a good writer, and something interesting is anticipated when The Plain Dealer makes its appearance.

W. C. Lewman of Louisville, Ky., a member of the firm of M. T. Lewman & Co., contractors, passed through the city yesterday en route to Bronson, where he will confer with the county authorities in the matter of the new court house to be erected by Levy county. Mr. Lewman is a relative of E. C. McMahan and Mrs. L. T. Roux of this city. He has not had the pleasure of meeting them for twenty years, but expects to spend Sunday here. The firm of M. T. Lewman & Co. is among the largest of its kind in the United States.

CLARKSVILLE, TENN., June 6, 1901.

Dr. E. W. Hall, St. Louis, Mo.: Dear Doctor—It is with pleasure that I recommend your Texas Wonder for kidney and bladder troubles, as my wife and myself have both used it and experienced wonderful relief from its use. CHAS. W. BERRY.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all druggists.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, $2 for 50, or $3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

We are in a position to furnish first-class bean, cuke and lettuce hampers, also cabbage and canatloupe crates promptly at reasonable prices, and guarantee prompt shipment on all contracts. Ship on either A. C. L. or S. A. L. railroads. Williston Manufacturing Co., Williston, Fla. dawtf.

His Honor Judge Mason is becoming impatient for a spell of cool weather. The matrimonial market has been distressingly poor for the past few months, and the genial Judge feels sure a fall in the temperature will make business better in this line. Only one license was issued yesterday, being that of Cassie Carter and Maria Johnson, colored.

Friends of Mr. and Mrs. C. C. Hudson, who have been residing in this city for the past year, will regret to learn that they soon expect to move to Jacksonville. Mr. Hudson, who is representing the Baker & Holmes Company in the capacity of traveling salesman, has decided that Jacksonville will be a more central and convenient location, hence the decision to make the change.

The Elks' Society Circus, which will be held in Jacksonville on the 8th and 9th insts., promises to be one of the greatest society functions ever held in the South, and will be attended by many members of Gainesville Lodge No. 990. The party expects to leave here on the morning of the 8th, and members of the Gainesville lodge who would like to avail themselves of this opportunity will please notify L. C. Lynch, exalted ruler.

Osteen & Herrin, the naval stores operators who have been engaged in business at Micanopy for the past two or three years, and who recently disposed of their interests to Colson & Gay, have decided to locate in Georgia. Mr. Osteen will purchase a fine farm in the Empire State of the South, and will engage in that pursuit, while Mr. Herrin will continue in the naval stores business. These gentlemen were good citizens and their departure will be regretted by the people of Micanopy, as well as many friends in this section.

Harper & Chase Dissolved.

Harper & Chase, who have been engaged in business here for the past year representing the Cable Company, pianos and organs, have dissolved copartnership, the same having already gone into effect.

A. R. Harper has accepted the agency of Ludden & Bates, while B. H. Chase will continue as the representative of the Cable Company. The change is in the opinion of these gentlemen best for both, and the dissolution was conducted on perfectly amicable plans. It was decided best for both, as both are good houses, and both will be represented by honest and conservative hustlers who will work along honest and conscientious lines.

Mr. Harper will remain in the quarters formerly occupied by Harper & Chase, West Main street, S., while Mr. Chase will be located in the new Hill building, East Liberty street, opposite the office of the Gainesville Gas and Electric Power Company.

At the Tent Theater.

The C. W. Park Big Stock Company closed a week's engagement in this city Saturday night, presenting that thrilling story of Western frontier life, "Arizona."

As early as 8 o'clock there was hardly standing room in the big tent, which goes to show the popularity of this company here.

The play was presented in the same excellent manner which characterizes all the work of this excellent company, and all who attended were well pleased.

Mr. Park goes from here to Ocala. He will return to Gainesville after making a tour of the State, and it is needless to add that the company will be warmly received by theater-goers here.

A PUBLIC LIBRARY WILL BE ORGANIZED

Meeting Called for Tuesday Evening at Court House.

A VERY LIBERAL PROPOSITION

Members of Twentieth Century Club Are Willing to Make Concessions in Matter of Such an Institution, and Invite Co-Operation.

At the request of the Twentieth Century Club, Prof. Tom F. McBeath and Rev. Thos. P. Hay invite the ladies and gentlemen of Gainesville to meet at the court house next Tuesday evening, Nov 7th, at 7:30 o'clock, for the purpose of organizing a library association and providing a public library for the city of Gainesville.

The Twentieth Century Club will donate their library of several hundred books to this association when it is formed. A representative attendance of the intelligent, book-loving and progressive people of our city is earnestly invited and urged for this public meeting.

STATE FAIR PATRONS.

Important Notice to Shippers of Exhibits by Express.

Tampa, Fla. Oct. 31, 1905.

John W. Tench, Esq.,
Gainesville, Fla.

Dear Sir: I have just been advised by the Southern Express Company that they will be pleased to afford free service on shipments, weight not to exceed fifty pounds. Should the shipment weigh more than fifty pounds, it will be charged for at full rate. This rate applies to all points in the State of Florida, and will be effective November 15th to 30th.

These express packages should be addressed to me as President of the Florida State Mid-Winter Fair Association, at Tampa, Fla., plainly marked with the name of shipper and county.

Yours very truly,
THOS. J. L. BROWN,
President.

Exhibitors will see that cane will have to go by freight, and must therefore be shipped not later than the 11th of November, but sooner if you wish. What you send by express, such as chickens, ducks, geese, turkeys, etc., and fancy work, must have written on the tag attached, between the first two lines of the red-lettered side of the tag, these words: "Thos. J. L. Brown, President." Yours truly,

JOHN W. TENCH,
Manager and Collector.

A Pleasant Occasion.

Earl Taylor and Fred Hampton entertained a large number of their young friends at the home of Mr. and Mrs. H. E. Taylor Friday evening at a "pit party." The evening was passed in a most enjoyable manner, and during the evening delicious refreshments were served.

At a late hour the guests dispersed, wishing their young hosts many happy years.
